People, places, events that will never be forgotten. . .
-Ayelle for introducing the concept of "settling down" to me,
-Those late nights theorizing about men and love with Heidi, Laura, Dill, Has, Val, Erin, Pam, Karin S. with special enlightenment from Rothberg, Doug H., Dean, and Andy,
-Laura for being my "rebound significant other,"
-Golfing with Pam, Jennifer G., and the evil one,
-The night Dill and I got adventurous,
-Surviving surgery with Has and Doug,
-Holding babies with Heidi and Erin,
-My ever-faithful pal. . . Tarpey!
-Mom, Dad, and Freddie supporting me despite my med school moods,
-AND MOST OF ALL: Dave for showing me that the words "man," "brilliant," "good looking," and "decent" can be used in the same sentence.

Now may the warming love of friends
surround you as you go

Will you join in our Crusade?
Who will be strong and stand with me?
Somewhere beyond the barricade
Is there a world you long to see?
Do you hear the people sing?
Say do you hear the distant drums?
It is the future that we bring
When tomorrow comes...

"I want to be a doctor." Little did I know how much it would take to make this a reality. This honorable degree is acknowledging the love and encouragement of my father, mother, and sister, the support of close friends, and an extraordinary amount of concentration and faith. *Thank you Mom, Dad, and Supna.* I couldn't possibly have gotten this far without you.

To my family--
I'm grateful for your ever present support;
To my friends--
who constantly reminded me about the important things in life;
To my mentors--
may I always use my training to benefit others;
To my patients--
you are my greatest teachers;
To the class of 1996--
God bless you all and I hope you will remember me as the crazy Californian who always wore shorts in the winter.

Attitude
by Charles Swindoll

The longer I live, the more I realize the impact
of attitude on life.
Attitude, to me, is more important than facts.
It is more important than the past,
than education,
than money,
than circumstances,
than failures,
than success,
than what other people think or say or do.
It is more important than appearance,
giftedness or skill.
It will make or break a company...
a church... a home.
The remarkable thing is we have a choice every day
regarding the attitude we will embrace for that day.
We cannot change our past...
We cannot change the fact that people will
act in a certain way.
We cannot change the inevitable.
The only thing we can do is to play on the one
string we have, and that is our attitude...
I am convinced that life is 10% what happens to me
and 90% how I react to it.
And so it is with you...

Of the making of many books there is no end, and much study wearies the body.

Now all has been heard; here is the conclusion of the matter:

Fear God and keep His commandments,
for this is the whole duty of man.

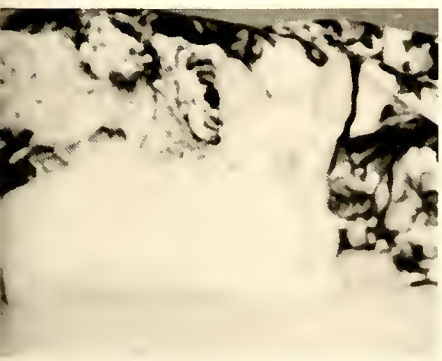
Don't Quit

When things go wrong,
as they sometimes will,
When the road you're trudging
seems all uphill,
When the funds are low,
and the debts are high,
And you want to smile,
but you have to sigh,
When care is pressing
you down a bit,
Rest if you must
but don't you quit...
Success is failure
turned inside out.
The silver tint
of the clouds of doubt.
And you never can tell
how close you are,
It may be near
when it seems so far.
So stick to the fight
when you're hardest hit,
It's when things seem worst,
that you must not quit.



Carrie Jaworski

Dear Lord, teach me to be generous
Teach me to serve you as you deserve
to give and not to count the cost,
to fight and not heed the wounds,
to toil and not to seek for rest,
to labor and not to ask for reward,
save that of knowing I am
doing your will

It has taken 4 years of our lives to get this far. We have all learned so much about ourselves, each other, and, sometimes, medicine. In the future, as we look back and say to our students, "When I was a medical student...," I hope we all remember all the good times we shared, all the hard times we survived through, and all the accomplishments we made. Good luck, everyone!

Daryl D. Wilson

P.S. I'd like to say, "Thank you," and "I love you," to my inspiration and "hero" Christine Rodgers (my mom)! Without her, this accomplishment would be less sweet.

ERIN LYNN KLEKOT, M.D.

At first we thought we would make this sound like a Hallmark Card but we decided it was better just to use our own words and memories.

We love you, Erin, and we couldn't be more proud of you. Not just for what you have accomplished but for the person that you have become. Oh, we'd like to think that we can claim responsibility but we can't. You, my dear, deserve all the credit. You are an independent, self-reliant, young woman of the nineties. You charted your own course right from the beginning. You were all of three when you proudly announced that you were going to become a doctor. With each passing year your accomplishments and achievements mounted. You climbed each step of your "ladder of success" with a quiet steady confidence. Now, your journey is coming to an end. We always knew your knowledge would increase, but medicine has brought out a compassion in you that makes you glow. There was a sympathy and tenderness in your voice when you spoke of the patients you had seen on your rotations. Only someone with your talents and gifts could express such emotions.

The "Mom and Dad" in us swells with pride to call you our child. The humaness in us cries tears of joy to call you Doctor-- Little Erin Two Shoes.

Congratulations!
Lalita Meena Kumari Komanapalli, M.D.

We are so proud of you and all that you have accomplished. May God bless you as you practice your chosen field and as you share with others what God has so richly blessed you with.
Much love from all of us!!
Dad, Mom, Julia, Christopher, Joyce, and Esther

JOHN PAUL KRCMARIK, M.D.

To our son, John Paul Krcmarik:

We are so proud of you and of all your accomplishments. It is a thrill for us to have another doctor in the family. Were he with us, Grandpa (Dr. Frank T. Grill, M.D., Stritch School of Medicine, Class of 1939) would also be proud and happy.

Congratulations and best wishes for a wonderful career serving those who are ill. It is a privilege to have a wonderful son like you!

Love Always,
